**Subject:** RE: Discussion with EPA re: the Draft NPDES Permit for LNFH

Hi Jill,

We just had a chance to visit internally and we agree a call today is not necessary. I will call a little later and touch base with you.

Thank you,

### David Bowen

Water Quality Section Manager

**Subject:** RE: Discussion with EPA re: the Draft NPDES Permit for LNFH

Good morning David, Mark, and Sanjay –

The four of us are scheduled to hold a call next Wednesday am – and I was wondering if you had a staff point of contact at this point with whom I could connect about the Draft Permit. If so, I can work on scheduling a call with the 401 cert point of contact and go through any remaining questions. Sanjay and I further discussed the topics of our last call and came to agreement, so I'm thinking that we might be in a good place to cancel our conference call for Wednesday and free up your time!

Let me know what you think when you have a chance. (b) (6) so we could reschedule for all of us to check in on the status of the Draft Permit when he's back.

Thanks,  
Jill

Jill A. Nogi, MPH
